### 110 YEARS & GROWING

we believe that while our century+ continue with our legacy of strength history matters, we understand that for the benefit of our employees, we earn our customers' business by our customers, our communities looking forward, embracing fresh and you, our shareholders.

merican National Bank & ideas, and always pushing ourselves Trust Company may be to be better than the day before. over 110 years old, and In our 111th year, we are poised to

### TO OUR SHAREHOLDERS

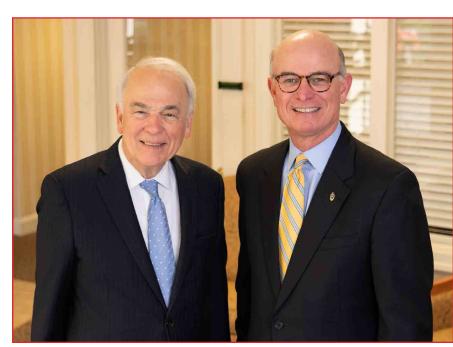

2019 marked 110 years for American National and it may be one of our most significant years to date. Our many accomplishments in 2019 position us well for continued success. We followed the same strategic blueprint that has made us a top-performing community bank throughout our years – balancing disciplined expansion in key markets with superb asset quality while making sure we are exceeding the expectations of the people and communities we serve.

Part of our expansion included growing our presence in Roanoke and the New River Valley with our acquisition of HomeTown Bankshares that was completed on April 1, 2019. The integration of HomeTown Bank was extremely successful thanks to the hard work of our dedicated employees, as we added five new bank branches and converted thousands of customers to our banking platform. This deal makes American National Bank & Trust Company the largest community bank in the Roanoke market.

On top of the HomeTown acquisition, we also opened our full-service banking office in Winston-Salem in September, which greatly heightens our visibility in a market where our model has proven successful. And as a finale to 2019, we hired a strong team of seasoned bankers at the end of the year to expand into the Triangle market in North Carolina. In our eleventh market, this team has hit the ground running and we look forward to their many contributions to our company.

This activity all contributed to our balance sheet growth, ending the year with a total of \$2.48 billion in total assets. We ended the year with \$2.06 billion in total deposits versus \$1.57 billion in 2018 and \$1.83 billion in loans, compared to \$1.36 billion in 2018. With this deliberate balance sheet growth, we continue to maintain a strong capital position and excellent asset quality.

Our net income for the year was \$20.9 million, compared to \$22.6 million in 2018.

Results for 2019 include the impact of mergerrelated costs of \$11.8 million associated with the HomeTown acquisition. We also began an active stock repurchase program, providing an additional outlet, when appropriate, to efficiently manage our capital.

The accomplishments of this past year and the growth we saw as a company would not happen without the people and teams we have in place. We cannot say enough about the great team of people at American National, as they really are our greatest asset. We have attracted the best around to help successfully carry out our strategic plans.

In addition to our strong team of employees, we are so fortunate to have the diverse expertise of our committed Board of Directors. Our directors are very engaged in the strategic direction and policy management of the company and do an outstanding job of representing you, our shareholders.

Unfortunately, we had to accept a couple resignations for various reasons. One was the medical retirement of William (Bill) Traynham, Executive Vice President and Chief Financial Officer of the bank and the company. In his ten years with us, **Bill helped our company tremendously**, particularly during such critical periods in the bank's growth and we wish him well. In addition, Dr. Frank Maddux resigned from our Board of Directors

due to his transition to a new role with Fresenius Medical Care. His expertise on our Board will undoubtedly be missed and we thank Dr. Maddux for his 17 years of valuable service to our board and our company.

We are proud of our heritage and pleased with where we are positioned today. While our century-plus history matters, we will continue to look forward and push ourselves to be better than the day before. Your support is what allows us to continue to serve our customers and strengthen our communities as we enter the next decade.

Very truly yours,

Chairman of the Board

(horla 1) My

President & Chief Executive Officer

### **OUR COMMUNITIES**

MAKING A DIFFERENCE ACROSS OUR FOOTPRINT

2019 added a couple of new markets to our growing footprint. We now operate in 11 markets that are part of three regions surrounding Danville, Virginia, our bank's headquarters since 1909.

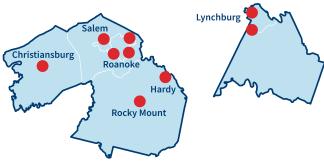

ach of our eleven markets have their own leadership and characteristics, with all of them successfully contributing to the stability of our communities and the growth of our company. But across our footprint, we share a commitment to financial education and

supporting our communities.

In 2019, American National launched an employee matching campaign which generated over \$38,000 to local health and human service organizations.

#### **NORTH REGION**

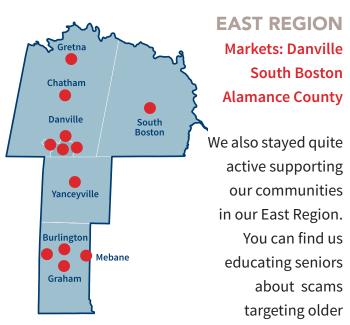

Markets: Roanoke, New River Valley, Lynchburg, Franklin County

The North Region saw tremendous growth as it integrated HomeTown Bank. This deal also helped us expand further into the New River Valley, a market with a lot of opportunity. With a larger branch network and a quality team of bankers serving the area, we are now the largest community bank in the Roanoke Region. We have proudly accepted this new leadership role by continuing to serve our area businesses, supporting locally-oriented not-for-profit organizations, and spreading financial education to various populations.

A few notable things we have been a part of in 2019 were the Junior Achievement Business Hall of Fame, an annual fundraising dinner where local business leaders are recognized for their professional accomplishments and contributions. We were proud to have a couple of our customers recognized this year, including Virginia State Banking Board member, John Lugar of Virginia Varsity Transfer.

On a more grassroots level, you could find us running in 5Ks, hosting shred days, sponsoring little league teams and minor league ball parks or donating meals to Lynchburg families to enjoy during the holidays. And we love it all.

populations, throwing birthday parties for our centenarian customers (check out the three photos included in this report), walking in the Heart Walk, or sponsoring the Carousel Festival in Burlington (and that's the short list).

We particularly enjoy it when our community support takes place inside one of our offices. And this year's Graham Parade of Homes did just that. With this event, Kindergarten classes design homes based on themes of books they are reading. The creative homes were on display in our Graham Branch and the community is invited to vote on their favorite design.

Martinsville

#### **SOUTH REGION**

#### Markets: Greensboro, Winston-Salem, Martinsville

The highlight in our South Region was the highly anticipated opening of our Winston-Salem office, located at 22 Miller Street, as we expanded our presence in the

Triad.

In addition to having a location with more square footage in a high-traffic area, the new space offers full-service banking including a drive-

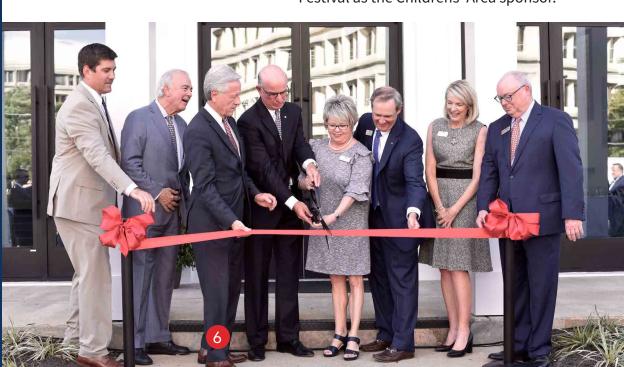

thru and a 24-hour ATM. The office opened in September and marked the occasion with a ribbon cutting on September 25.

The Winston-Salem Team has remained visible in many ways

outside their new office by supporting the Ronald McDonald House of Winston-Salem Character Breakfast as well as the Kaleideum Trunk or Treat, where our Kids' Club mascot, Homer, made special appearances.

metals company to Ridgeway, where they will operate in a former clock factory. We also enjoyed being part of Martinsville's annual Rooster Walk Festival as the Childrens' Area sponsor.

### **EMPLOYEE AWARDS**

# JENNY KRANTZ Bill Traynham Outstanding Service Award Recipient

This award was established to recognize a person for demonstrating outstanding service, aptly named after our former Chief Financial Officer, Bill Traynham, following his ten valuable years of service.

Our inaugural recipient is Jennifer (Jenny) Krantz. Jenny is someone who gets in the trenches and works tirelessly to ensure our employees have what they need to do their job. She continually gives her time to find solutions to difficult problems, whether working late hours or fielding external and internal customer calls – she always goes above and beyond to ensure that we are operationally sound.

With a can-do spirit, Jenny does not get easily rattled and does not give up until jobs are complete. We appreciate this hard-working bright light within our bank.

MARY BRIDGES-HICKS
Charley Majors Achievement

harley Majors Achievement Award Recipient

With over 350 employees who come to work each day ready to give the best of themselves, this is always a competitive award with an impressive list of peernominated employees.

This year's recipient of the Charley Majors Outstanding Employee Award, *Mary Bridges-Hicks, is truly one of the best of the best.* 

Mary is an experienced banker with an infectious personality and a can-do spirit. When speaking on the phone with her, you can feel her smile on the other end. She meets adversity head on and is not afraid to tackle hard problems.

Mary played a key role in the merger activities, especially post-merger, with the transition of the HomeTown Bank loan portfolio. We can't thank her enough for her many contributions to the bank.

#### **FORWARD-LOOKING STATEMENTS**

This Summary Annual Report may contain "forward-looking statements" within the meaning of federal securities laws that involve significant risks and uncertainties. Statements herein are based on certain assumptions and analyses by the Company and are factors it believes are appropriate in the circumstances. Actual results could differ materially from those contained in or implied by such statements for a variety of reasons including, but not limited to: financial market volatility, including the level of interest rates, could affect the values of financial instruments and the amount of net interest income earned; general economic or business conditions, either nationally or in the market areas in which the Company does business, may be less favorable than expected, resulting in deteriorating credit quality, reduced demand for credit, or a weakened ability to generate deposits; competition among financial institutions may increase and competitors may have greater financial resources and develop products and technology that enable those competitors to compete more successfully than the Company; businesses that the Company is engaged in may be adversely affected by legislative or regulatory changes, including changes in accounting standards; the ability to retain key personnel; the failure of assumptions underlying the allowance for loan losses; and risks associated with mergers, acquisitions, and other expansion activities. Consequently, all forward-looking statements made herein are qualified by these cautionary statements and the cautionary language in the Company's most recent Form 10-K report and other documents filed with the Securities and Exchange Commission. American National Bankshares Inc. does not undertake to update forward-looking statements.
